Red, blue, yellow, green and grey subject to availability

Weight: 1.9kg each

Reaction to Fire Classification: B<sub>FL</sub> - s1

Slip Resistance: BS EN 7188

CheckerLok™ is a moulded, non-slip tile with a cellular structure that gives excellent durability and comfort. With its unique puzzle join they are very quick and simple to install. No special skills or tools needed and there's no costly base works required either.

CheckerLok™ is perfect for protecting floors whether in a large factory or just the floor in your garage. They are designed to absorb shock and noise, are suitable for all weathers and extreme temperatures. And to cap it all, CheckerLok™ is fully wheelchair, pushchair and trolley compatible.

**CheckerLok™ vinyl tiles are high quality, durable and fire resistant and should not be confused with the cheaper foam alternatives.**
